THE TRUE NORTHERNER.

Published Every Wednesday.

PAW PAW, MICH., SEPT. 29, 1897.

SPAIN is wrought up because Uncle Sam, in the most polite and diplomatic manner, has asked her to end the war in Cuba, and has offered the good offices of the United States towards the accomplishment of that end. The powers of Europe show no disposition to assist Spain in her scheme of butchery, and, thanks to the action of the administration, there is prospect of an end of Weyler's policy. Uncle Sam should insist on his demands in more positive terms, if Spain will not listen to the mild language already addressed to her. The condition of affairs in Cuba is a serious detriment to American interests, aside from the revolting spectacle of a war of heartless massacre being carried on within a hundred miles of our shores.

THE Northerner is sorry that Attorney General McKenna, in his opinion, has found it necessary to practically annul the famous section 22 of the new tariff law. The discriminating duty of 10 per cent on goods imported in other than American vessels is in harmony with the republican principle of protection, and was one of the planks of the great platform of 1896. While it is perhaps true that Mr. McKenna's opinion is good law, it is none the less unfortunate that it is so, and by its action the rebuilding of the American merchant marine has been retarded until a statute similar to the invalidated section can be enacted.

The following is a copy of resolutions unanimously adopted by Van Buren county Free Baptists:

Whereas, The rum power is using every effort to force the open saloon upon us, and has imposed upon the people of this county the necessity of again voting upon the question, therefore, be it Resolved, by the Free Baptists of Van Buren quarterly meeting, in convention assembled at Almena, September 18, 1897, that we believe it the duty of every christian citizen to endeavor by voice and vote, to secure the continuance and enforcement of our present laws to secure more effectual laws for restricting sales by druggists; to do everything possible to keep out the open saloon. And we pledge ourselves, as individuals and churches, to exert every influence in our power to the overthrow of the liquor traffic and for the establishment of temperance.

The Pottawatomie tribe of Indians has made the happy discovery that it holds the title to 130 acres of land almost in the heart of Chicago. The land became the possession of the Indians in 1833, by a treaty executed between Leopold Pokagon and the government, Leopold being the father of Simon Pokagon, now chief of the tribe. It formed part of an immense territory, which the Indians afterwards sold, and a confusion of the boundaries led to the abandonment of the 130 acres of valuable land, which the Indians have now undertaken to recover and which is estimated to be worth \$1,000,000. The property is mostly owned by W. H. Cox, a heavy Chicago capitalist. The Pottawatomie title was not discovered until Mr. Cox attempted to procure an abstract. When Chief Simon Pokagon was at the world's fair, Mayor Harrison informed him of the matter. Pokagon investigated and a week ago last Saturday at Hartford made his discoveries public to 75 members of his tribe. He said that Mr. Cox was disposed to deal fairly.

ONE OF TWO WAYS.

The bladder was created for one purpose, namely, a receptacle for the urine, and as such it is not liable to any form of disease except by one of two ways. The first way is from imperfect action of the kidneys. The second way is from careless local treatment of other diseases.

CHIEF CAUSE.

Unhealthy urine from unhealthy kidneys is the chief cause of bladder troubles. So the womb, like the bladder, was created for one purpose, and if not doctored too much is not liable to weakness or disease, except in rare cases. It is situated back of and very close to the bladder, therefore any pain, disease or inconvenience manifested in the kidneys, back, bladder or urinary passage is often, by mistake, attributed to female weakness or womb trouble of some sort. The error is easily made and may be easily avoided. To find out correctly, set your urine aside for twenty-four hours; a sediment or settling indicates kidney or bladder trouble. The mild and the extraordinary effects of Dr. Kilmer's Swamp-Root, the greatest kidney and bladder remedy, is soon realized. If you need a medicine you should have the best. At druggists 50 cents and \$1.00. You may have a sample bottle and pamphlet, both sent free by mail. Mention the NORTHERNER and send your address to Dr. Kilmer & Co., Binghamton, N. Y. The proprietors of this paper guarantee the genuineness of this offer.
